

# Integrative Health Professionals Free Information Session

Please join Elizabeth Galen, Ph.D., of Green Heart Guidance, LLC, to learn more about how she can assist you and your patients in their quest for emotional, physical and spiritual health. Through her skills as an intuitive, Dr. Galen contacts higher powers to help pinpoint issues for those who may be struggling to heal through common paths. Dr. Galen will also relate how her intuitive gifts helped her fight a seemingly hopeless 12 year battle with late disseminated Lyme disease because of the emotional and spiritual traumas that were preventing her immune system from functioning correctly.
