

## Mental Health Professionals Free Information Session

Please join Elizabeth Galen, Ph.D., of Green Heart Guidance, LLC, to learn more about how she can assist you and your clients in their quest for emotional, physical and spiritual health. Through her skills as an intuitive, Dr. Galen contacts higher powers to help pinpoint deeper, unresolved issues for clients. Once these issues are released from the body, physical and emotional healing can happen in ways that were previously impossible. Dr. Galen will also relate how her intuitive gifts helped her fight a seemingly hopeless 12 year battle with late disseminated Lyme disease because of the emotional and spiritual traumas that were preventing her immune system from functioning healthily.
